As you begin to integrate Heroes & Villains into your instruction, you may find it helpful to have a place to consider how it relates to topics you already teach. On page xiii is a curricular planning guide so that you and your colleagues can do just that—and determine where and how you can naturally weave character themes into the curricula you are already teaching.

As you initiate student discussions involving civic virtue, you will naturally be checking students’ current understanding and defining the terms that will be a part of readings and classroom discussions. The readings and activities on the following pages will be an indispensable starting point as you do this.

**Heroes & Villains Launch Activity:**

1. On the pages that follow are the student handouts *What is Virtue?—Historical and Philosophical Context* and *What is Virtue?—Defining the Term*. Before distributing those readings, have students respond in writing to the Defining Virtue questions on the following page. Do not discuss them before students have completed the reading. Explain to students that after they have read this, they will be expected to be able to elaborate further on their written responses. Have students read the handout, then discuss it as a class, referring to the questions included in the text.

2. After the reading, distribute the *Clarifying Civic Virtue* handout to the students. Have students write complete responses to the questions. Use that second set of questions as the basis for a discussion about the reading and to check students’ understanding of the content as well as their engagement with the ideas.

3. Separate students into groups of 2 or 3 to discuss questions on the handout, particularly the final questions about whether they changed their responses, and why. Transition to a whole-class discussion of these final questions, ensuring that students refer to the text of both handouts to support and explain their responses.

4. The *Identifying and Defining Civic Virtue* handout includes a list of the civic virtues addressed in this book, along with a definition for each. Post or project that list—without the definitions—on the board. Elicit from students what each one means, asking them to offer examples from their personal lives. Encourage examples from within their families, school, and community. Explain that these are among the virtues that the U.S. Founders believed were essential to the form of government they were creating. Break students into their former groups of 2 or 3 and have them read the definitions. Then, assign to each group one or two of the listed virtues and have them write down examples of each, including context and further explanation. Examples could come from U.S. or world history, literature, or current events.

5. Students report back to the large group their examples and why, according to the listed definition, those people exemplify that civic virtue.
1. When you encounter the term “civic virtue”, what do you believe it means?

3. Think about principles in the U.S. Constitution such as consent of the governed, separation of powers, and limited government. What assumptions did the Founders seem to be making about human nature? Why might those principles have required civic virtue among citizens and elected leaders?
